

Klomp Custom Homes Presents

THE
Brittany

4,600 SQ. FT

A French Country invitation...

When you think of Provence and the French countryside, you're sure to see lavender fields and bright sunshine. While there are many elements that contribute to the French Country style of decorating, the resulting look is always rustic, warm and welcoming.

The 'Brittany' is Klomp Custom Home's newest French Country abode. From the diamond beveled glass windows to the finials and cupolas that accent the roof, the Brittany showcases many elements of the French Country flair. Unprecedented attention to detail is evident among the many distinctive appointments throughout this luxurious estate home.

Klomp Custom Homes has lots available in several developments but we will also build on a site provided by the homeowner

Standards

in our homes are considered "upgrades" to others
