THE
Sarah

3,550 SQ. FT

Understated elegance and unmistakable charisma

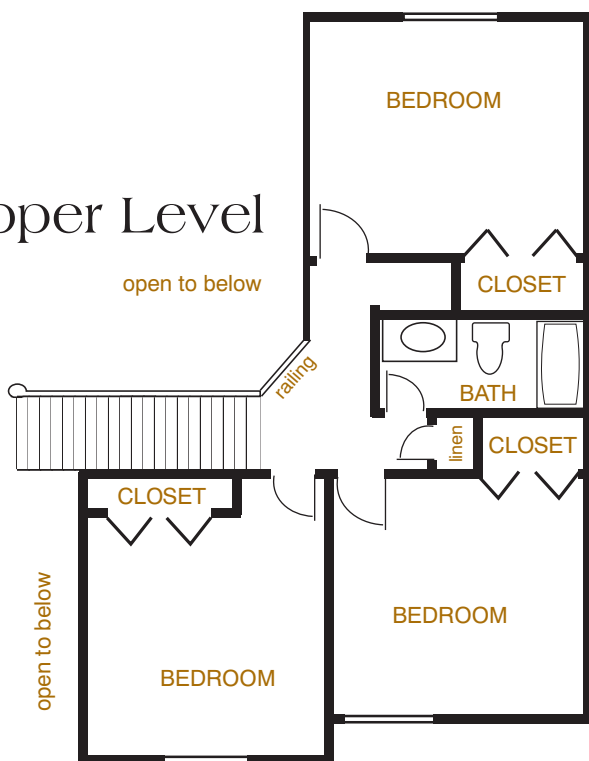

This all-brick home's architecture exudes a warm, inviting feel that mixes the formal with the informal, the old and new, while evoking quaint French country styling reminiscent of a European Manor. Entertain or just relax in the impressive two-story great room with massive view-filled windows and inviting stone fireplace, while the gourmet will enjoy the expansive kitchen with custom cabinetry, granite countertops and stainless-steel appliances. Even the sunny breakfast area of this chateaux provides an abundance of views. The heart of the home is the elegant diningroom, a special place to dine with family and friends. Retreat to the luxury of the main-level master suite with oversized walk-in closet and whirlpool tub. Unprecedented attention to detail is evident among the many distinctive appointments throughout all of Klomp Custom Homes.

*Klomp Custom Homes has lots available in several developments
